EXHIBIT A
NOTICE TO PURCHASERS

The real property, described below, that you are about to purchase is located in the Fort Bend County Water Control and Improvement District No. 2 (the "District"). The District has taxing authority separate from any other taxing authority and may, subject to voter approval, issue an unlimited amount of bonds and levy an unlimited rate of tax in payment of such bonds. As of this date, the rate of taxes levied by the District on real property located in the District is \$0.21 on each \$100 of assessed valuation. The total amount of bonds, excluding refunding bonds and any bonds or any portion of bonds issued that are payable solely from revenues received or expected to be received under a contract with a governmental entity, approved by the voters and which have been or may, at this date, be issued is \$189,985,000, and the aggregate initial principal amounts of all bonds issued for one or more of the specified facilities of the District and payable in whole or in part from property taxes is \$119,985,000.

The District has the authority to adopt and impose a standby fee on property in the District that has water, sanitary sewer, or drainage facilities and services available but not connected and which does not have a house, building, or other improvement located thereon and does not substantially utilize the utility capacity available to the property. The District may exercise the authority without holding an election on the matter. As of this date, the most recent amount of the standby fee is \$0.00. An unpaid standby fee is a personal obligation of the person that owned the property at the time of imposition and is secured by a lien on the property. Any person may request a certificate from the District stating the amount, if any, of unpaid standby fees on a tract of property in the District.

The District is located partially within the corporate limits of the cities of Missouri City, Stafford, Sugar Land, and Houston (the "Cities"), and partially within unincorporated areas. Taxpayers of the District that are also within any of the Cities are subject to the taxes imposed by the appropriate municipality and by the District unless the District is abolished. Under Texas law, the District and the cities of Missouri City, Stafford, Sugar Land, and Houston have authority to enter into a mutual agreement providing for the annexation of all unincorporated areas within the District into the Cities, the dissolution of the District, the distribution among the Cities of all the properties and assets of the District, and the assumption by the Cities of all of the debts, liabilities and obligations of the District. Such a mutual agreement would have to include provisions for service to customers in the unincorporated areas previously within the District.

The purpose of this District is to provide water, sewer, drainage, or flood control facilities and services within the District through the issuance of bonds payable in whole or in part from property taxes. The cost of these utility facilities is not included in the purchase price of your property, and these utility facilities are owned or to be owned by the District. The legal description of the property you are acquiring is as follows:
