**PROJECTS WITH NO WATER UTILITY WORK
NOTIFICATION & CERTIFICATION**

This form is applicable to projects meeting all three (3) of the following conditions: (1) existing building or development with existing public water and sanitary sewer service; (2) project does not include any construction, modification or changes to any internal or external building plumbing or service lines; (3) no major changes to scope or use of building or development, such as commercial, food service, retail, etc must remain the same as previous use.

APPLICANT NAME:

ADDRESS OF UTILITY ACCOUNT/LOCATION:

OWNER CONTACT INFORMATION:

Name/Company	Contact Person	Phone No.	
Address	City	State	Zip

DETAILED DESCRIPTION OF WORK/PROJECT:

Must be completed by the OWNER/UTILITY ACCOUNT REPRESENTATIVE on file with the Fort Bend WC&ID No. 2 records. Completion by contractor or construction agents are not acceptable and could delay water service connections.

By signing below, you acknowledge the referenced project has no modifications to the internal or external plumbing that could impact Fort Bend County W.C. & I.D. No. 2 water/sanitary sewer systems. If any type of modification is made to the referenced project/address to change the water/sanitary sewer lines construction activities shall cease and shall submit documents for the full approval process. All new accounts shall receive a Customer Service Inspection (CSI) to verify no construction prior to service connection.
